

Camp Descriptions:

Adventure/Middle School Adventure/Senior High Adventure: Our Adventure camps are for campers looking to experience Hartman Center the adventurous way! Campers usually stay in wooden a-frames or cabins and cover all the basics of camp- hiking The Knob, creek hiking, rafting down the Juniata river, swimming in our pool, craft time, co-operation trail and more. They will also engage with one another in learning more about their faith within God's great creation. This is a general camp for 4th-6th graders (Adventure) and 7th-10th graders (Middle School Adventure), and 9th-12th graders (Senior High Adventure) that want a little bit of everything from their time at Hartman Center.

Family Camps/Grand Camp: Our Family Camps are designed to be uniquely flexible towards any family members that want to check out camp together! We encourage nuclear families or distant relatives to spend either a half-week or full week together in God's creation. Usually our intergenerational camps will cover the basics of camp life including a cookout, hiking, and swimming.

Counselor in Training: This camp is designed for anyone in high school looking to become a counselor! Our director, Betsy Bruaw, has been leading young adults into this unique camper/counselor space for many years now. CIT campers will learn about boundaries, how to start a fire, camp songs and games, and have experience working with campers at camp that week. This is an awesome way to start the journey to being a counselor at Hartman Center!

Fishing Camp: Fishing Camp is exactly what it sounds like- a whole lot of fishing! With expert help from our directors, campers will learn to fish in different environments around Hartman Center. These campers will not only learn to be fishers of wildlife, but also of people! Come check out how God has called us to be fishers of people and fish.

Getting Started: Getting Started is the perfect beginning for any young camper that wants to test the waters at Hartman Center without committing to a full week. Campers will experience a little bit of everything including hiking, swimming, crafts, picnic, cooking out, and much more.

Water World/Water World Jr: Without much need for explanation, Water World is just as it seems! Activities will be sure to leave your camper feeling waterlogged by the end of the week. Water relay games, extra pool time, creek hikes, rafting down the Juniata river, water balloon fights, and more!

Soccer Camp: Soccer camp at Hartman Center is a camper favorite! Our directors, Tom and

Allison, work hard to provide plenty of time to build skill, scrimmage, and learn the basics of soccer throughout the week. At the end of the week, the campers challenge the counselors to a soccer game to show the rest of Hartman Center what they've learned this week.

Extreme Camp/Extreme Jr. at Hartman Center has a reputation of its own! These campers are always up for a challenge, love to take things to the extreme, and especially love a good competition. This camp takes both HC traditions and new things to the extreme including stream hiking, rafting, hiking the knob, and working together on our low ropes cooperation trail. If you're ready to take things to the next level, this camp is for you!

"ARTS" Week: New this summer is an entire week dedicated to camps for the artistic camper of any age! Our traditional MADD (Music, Art, Drama, Dance) camp is being offered for Older campers and now we've added MADD Jr. for campers in 4th-8th grade. The three day getting started camp will also participate. We are excited to host a full week of creative arts camps with special options throughout the week. Join us as we cultivate a creative community together.

Body, Mind, Spirit (BMS): Spend 3 days in the outdoors with other adults practicing mindfulness, yoga, and spirituality. Whether you're new to the practice or an experienced yogi, we welcome you to spend three days with us in community.

Double Dip: If you like ice cream, you'll love this camp! Nearly every day our campers will experience ice cream at a different ice cream shop. Chocolate, vanilla, strawberry and everything in between- if you're an ice cream fanatic, this is the camp for you!

Camp of the Heart: This camp welcomes campers with disabilities to join in on the fun. Director Kara Druckenmiller is a certified Special needs instructor and with her staff has many years of experience. For three days campers will do everything from crafts to swim time and more. We ask that you contact us prior to registration if you're hoping to register a camper new to Hartman Center for this.
